

Laifen Wave Pro Electric Toothbrush

Designed for those who want a pro-level, smart, and truly effortless brushing experience, Laifen Wave Pro brings professional performance into your everyday routine.

60°

Oscillations

66,000

Vibrations/min

70 Days

Battery Life*

Key Benefit

- **Efficient Pro-level Clean:** Inspired by the dentist-recommended Modified Bass brushing technique, the Oscillation & Vibration Technology with proprietary Servo System combines ultra-wide 60° oscillating motions with 66,000 vibrations per minute to deliver comprehensive cleaning performance — covering more surface area in less time while clearing away food residue quickly and effortlessly.
- **Comprehensive Cleaning with Gentle Gum Protection:** Brand-new brush heads feature multifunctional bristle design and soft TPE rubber coating that reach interdental gaps and hard-to-reach areas more effectively, delivering sweeping coverage across the mouth with a comfortable and safe brushing experience.
- **Safety with Every Stroke:** The Smart Pressure Sensor continuously monitors your brushing force, ensuring safe and effective cleaning with every stroke. When excessive pressure is detected, it instantly reminds you and adjusts motor speed to prevent gum irritation and enamel wear.
- **Tailor Your Brushing to Perfection:** The Dual-Mode Cleaning System comes with two built-in cleaning modes — Daily Clean and Deep Clean — each offering three intensity levels, allowing you to easily switch between a gentle, comfortable clean and a powerful deep clean whenever you like. Unlock thousands of brushing combinations to create your ideal oral care routine — smarter, simpler, and made just for you.
- **70 Days Super Long-Lasting*:** Wave Pro delivers up to 70 days of use on a single charge*, and its wireless charging keeps you powered without hassle — whether you’re at home, heading out for a weekend trip, traveling abroad, or camping off-grid — keeping your brushing routine effortless wherever you go.

Technical Specification

Max Oscillation Range: 60°	Max Vibration Strength: 66,000 Vibrations / Min
Battery Life: 70 Days*	Spray Coating: Glossy UV / Anodizing
Waterproof Rating: IPX8	Standard Brush Head Material: Food-grade ABS + High-strength POM + Soft TPE
Charging Method: Wireless Charging	Customizable Brushing: 2 Modes / 3 Intensities / 10 Levels in App

Model

Transparent Black: LFTB02-PT 139±2g
Stainless Steel: LFTB02-S 160±8g
Aluminum Alloy: LFTB02-A 142±3g
ABS: LFTB02-P 139±2g
Packaging Dimensions: 210*100.8*98mm

Bullet Selling Point

- 60° Oscillations & 66,000 Vibrations/min
- Multifunctional Bristle Design & Soft TPE Rubber Coating
- Smart Pressure Sensor with Overpressure Reminder
- Dual-Mode Cleaning System & Customizable Brushing Settings in the App
- 70 Days of Battery Life* with Wireless Charging
